

VCE subjects delivered online: Enrolling with the VVLN in 2026

Information for schools

WHAT IS THE VICTORIAN VIRTUAL LEARNING NETWORK?

The Victorian Virtual Learning Network (VVLN) is an initiative of Bendigo Senior Secondary College (BSSC) to develop and deliver innovative, interactive, instructional online VCE subjects to secondary school students across Victoria.

Over the past decade, VVLN has successfully delivered VCE subjects online to more than 2800 students in 135 schools providing opportunities for students to access VCE subjects not available at their home school and schools to maximise financial and teaching resources to improve opportunities for all students.

FEATURES OF THE VVLN

The VVLN incorporates a number of features to ensure students receive the instruction, support and feedback essential to their successful completion of the VCE subject.

- Subjects are delivered via the internet using the VVLN Moodle learning management system.
- Delivery of all subjects is asynchronous providing flexible timetabling for schools, allowing students to access their subject at any time.
- Online lessons are entirely instructional and incorporate learning resources including video, audio, text, simulations, and high levels of interactivity, monitoring and feedback.
- Students receive individual support and direction through regular online contact with their teachers via Web-ex.
- At least once during the school year VVLN teachers visit each school for face-to-face meetings with students.

VVLN SUBJECTS

In 2026 the VVLN offers:

BUSINESS STUDIES

- Accounting 1-4

SCIENCE

- Chemistry 1-4
- Physics 1-4
- Psychology 1-4

MATHEMATICS

- Maths Methods 1-4
- Specialist Maths 1-4

'Studying with VVLN for the past two years has allowed me to complete VCE Accounting; something not available to me at my small rural school, enabling me to meet key University prerequisites and confidently pursue a career in a field I enjoy. Weekly online meetings with a supportive teacher has fostered strong academic habits and relationships, making the experience both accessible and rewarding despite the challenges of remote education.'

KEY DATES

15 OCTOBER 2025

EXPRESSIONS OF INTEREST

17 OCTOBER - 19 NOVEMBER 2025

Individual school's expression of interest confirmed by the VVLN. Student enrolment process occurs.

18 NOVEMBER 2025

Orientation and induction for students and liaison staff. Course delivery commences.

29 JANUARY 2026

VVLN school year begins

ENROLLING WITH THE VVLN

The VVLN takes enrolments directly from schools.

Schools that would like to enroll students with the VVLN for 2026 are invited to complete an **Expression of Interest** nominating the number of student places required in each VCE Course.

Click on this link to register: [EXPRESSION OF INTEREST 2026](#)

COST TO SCHOOLS

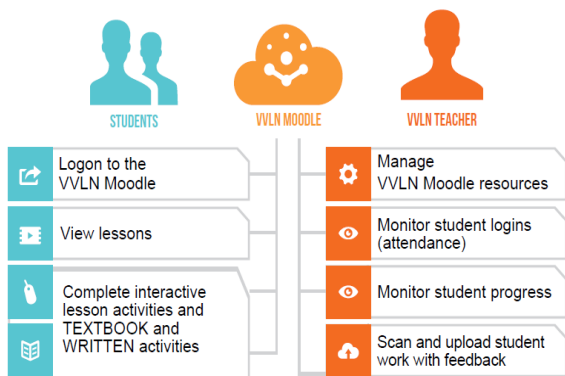

The cost for each subject covers the whole school year. In 2025 each student undertaking a combination of school based and VVLN online studies will need to be dual enrolled by their home school and counted as a part time student at 0.2 SRP at BSSC for each subject studied with the VVLN.

REFUND POLICY: Once a student has been enrolled and payment made for a VVLN subject, BSSC does not have the capacity to refund schools as staffing costs are put in place at the end of the previous school year.

HOW DOES THE VVLN OPERATE?

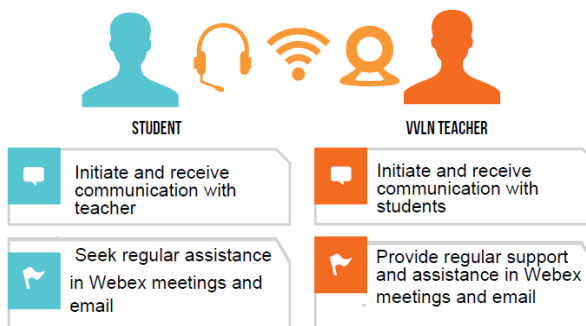

SUBJECT DELIVERY

The VVLN Moodle website is the hub of all online learning. Here students have access to their online subjects. The VVLN teacher monitors student progress through the lessons, quickly identifying potential issues and provides regular feedback to students and schools.

COMMUNICATION

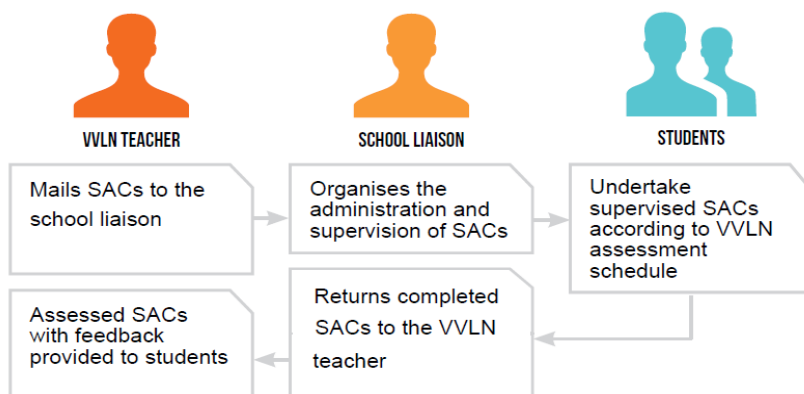

All students are allocated a VVLN subject teacher who manages and directs their learning through the online subject. The VVLN teacher and student regularly connect with each other over the internet via Webex meetings, and email.

ASSESSMENT and REPORTING

All School Assessed Coursework (SAC) tests and exams are completed in hard copy, and conducted in accordance with VCAA assessment guidelines.

The VVLN teacher provides regular reports to students and schools on all aspects of student progress.

'I am currently studying Psychology Unit 3-4 having completed Psychology Unit 1-2 through the VVLN last year, as Psychology was not offered at my school. I thoroughly enjoy being able to work at my own pace and the flexibility it offers when finding time to do the set work, which makes me want to do the work and not feel forced to.'

Weekly Webex meetings with my VVLN teacher are very helpful for asking questions on the content that I might be having trouble with and building the connection with your teacher, that you would normally have in a face-to-face school setting.

The VVLN website is simple to use which makes learning that much easier. If you are someone who is unsure whether to enrol in the VVLN or not, I highly recommend you do!
